# Designed by you – for you!

With so many options to choose from, create a laundry to suit your style, and build a space that works for both you and your lifestyle.

Follow these simple steps to design a laundry space that is stylish and functional.

## 1. Choose your bench length.

Think about how much space you need, do you need room for folding the washing? Also consider if your appliances will be going underneath your bench.

We have two bench lengths to choose from:

- 1300mm (13)
- 1930mm (19)

1300mm  
(13)

1930mm  
(19)

## 2. Where do you like your storage?

Choose which side you would like your doors (cupboards) or drawers. If you have a front loader washing machine and dryer, where would they sit in relation to storage? Perhaps you want storage directly underneath the sink.

Left or right-hand position for your doors/drawers?

- Left-hand (L)
- Right-hand (R)
- Centered under sink (for 1930mm bench only)

## 3. Doors, drawers or both?

What storage configuration best suits you? Do you want doors (cupboards), drawers — or a combination of both? Do you need void space for front-loading appliances under the bench too?

Options to consider:

- Door(s) (DO)
- Drawer(s) (DR)
- Combination (DODR/DRDO/DRDODR)
- Void space
- No void space

## 4. Which bench colour best suits you?

Our modular bench-tops are made from high-quality engineered stone to stand the test of time, while giving you a finish you'll be proud of. All bench-tops come with a large under-mount sink.

Choose from our two stone bench-top options:

- White (WH)
- Charcoal (CC)

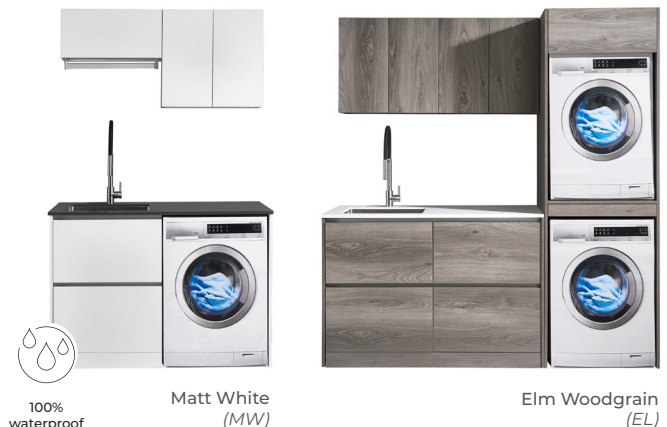

## 5. Cabinetry to match.

The colour of your cabinetry will bring it all together. Lighter colours are always more favourable for small laundry areas, or if you want to make a statement — choose woodgrain.

Choose from our two cabinet colours:

- Matt White (MW)
- Elm Woodgrain (EL)

## 6. Need more storage?

When it comes to storage — you can never have too much. We have additional storage options to make your space work even harder for you. Need somewhere to store your broom? Or perhaps a high set of cupboards to keep chemicals away from small children and animals.

Additional storage options:

- Appliance stacker with slide shelf\*
- Broom/tall storage cupboard\*
- Double cupboard above the bench
- Long horizontal cupboard with hanging bar

*\*Flat pack — assembly required*
